INTRODUCTION

Welcome to our new format downloads which are aimed to provide focused and inspirational information on each main brand and functional areas such as Afternoon Tea etc.

Please visit our website regularly to explore the series of downloads as we build them.

Each download will provide inspirational food images, the range of products for each brand and functional area, along with information on whether we carry an item as **Core Stock** (which means we will usually have a good level in stock at all times). **Core Stock** items will be identified by a ● alongside each item.

If items are identified as a **Special Order** with a □ then, even for samples, we will need to place an order with the supplier. This usually applies to hand-made products or where items are available in a range of glazes.

We hope you will find our new way of providing 'catalogue' information more useful and will help provide some inspiration to enable you to make the best choice.

We are always available to provide you with in-person help, via our friendly Customer Services team or at our London Showroom.

BARWARE

Never before has the choice of Barware been so extensive or individualistic.

The personal tastes of Mixologists, Bar specialists and even Sommeliers, are diverse as the range of Cocktails, Beverages and Wines that are served.

We have decided to provide a condensed list of essential tools and equipment, along with some of our favourite Cocktail Glasses and tumblers.

Where a more personalised option is required, we will work with you direct to determine your signature style, and offer a more bespoke solution from our vast portfolio.

Keep coming back to refresh download, as we will continue to add new products periodically.
