PREMIUM TABLEWARE STONEWARE

INTRODUCTION

Welcome to our new format downloads which are aimed to provide focused and inspirational information on each main brand and functional areas such as Afternoon Tea etc.

Please visit our website regularly to explore the series of downloads as we build them.

Each download will provide inspirational food images, the range of products for each brand and functional area, along with information on whether we carry an item as **Core Stock** (which means we will usually have a good level in stock at all times). **Core Stock** items will be identified by a ● alongside each item.

If items are identified as a **Special Order** with a □ then, even for samples, we will need to place an order with the supplier. This usually applies to hand-made products or where items are available in a range of glazes.

We hope you will find our new way of providing 'catalogue' information more useful and will help provide some inspiration to enable you to make the best choice.

We are always available to provide you with in-person help, via our friendly Customer Services team or at our London Showroom.

MONTGOLFIER

We have been partners with Montgolfier for many years and since the start, we have seen it quickly become a chef's favourite. This stoneware is incredible strong and its appeal lies in the gentle shapes and magical reactive glazes which ensure that no 2 pieces are every exactly the same.

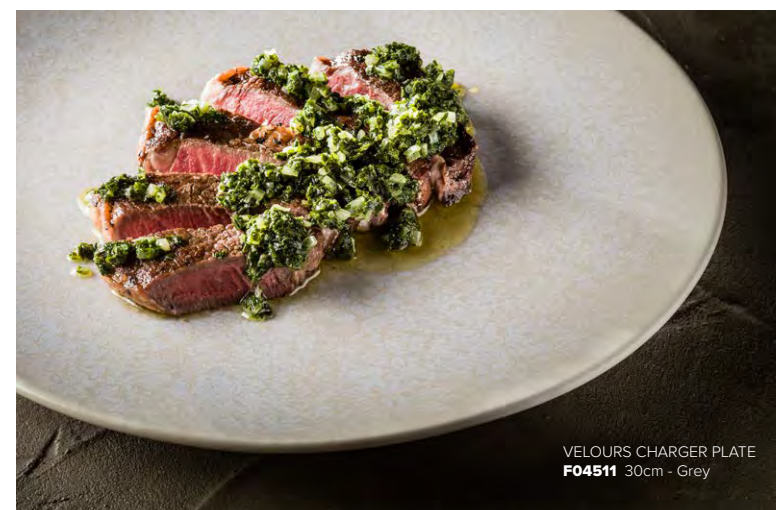

Over the years, we have seen tastes in glazes go from interesting versions of white, to muted natural tones and now, back to white again.

Montgolfier excels at all colours, even white, with its ability to layer glazes so that there are 2 effects on the same plate, like the ever-popular Clair de Lune, which has an ethereal pearlescent effect in one of the layered glazes, ensuring it highlights the food on the plate.

Montgolfier is a small-batch craft producer based in the beautiful Loire Valley, and which to this day, hand-applies the glazes, even the double-layered ones. So revered are its skills that the company is a member of the Ateliers d'Art de France and are labelled "Entreprise du Patrimoine Vivant (a living heritage company).

In these days of mass production, we are proud to represent a company which exudes integrity and skill in its manufacture.

Given the small-scale of its process, and reliance on hand-made processes, there is little more they can do to enhance their eco credentials.
