

FOOD & CAFE DISPLAY

CONTRACT CATERING CATALOGUE

FOOD & CAFE DISPLAY

CONTRACT CATERING CATALOGUE

We have prepared this Digital Download for anyone looking to embark on a project involving Food Display, including Salad Bar/Deli Counter, Hot Counter, or any other kind of Hospitality Food Display.

We have organized the download into helpful sections covering essential product groups such as Bowls, Risers etc. and hope this will help in your research of individual products.

We have also tried to provide a guide on which products are 'Premium' and therefore more expensive than 'Standard'. As prices are changing more regularly than normal, we do not price each product. Please contact us for detailed quotations.

We have also identified where products form part of our 'Core Stock' ranges and are therefore more likely to be available as you require them. Again, please check with our team for further details.

Where items have been selected to represent current market trends, these are identified as 'Trend' and these will change as the download is updated regularly.

Ideally, this download is best used in conjunction with our consultation if you require assistance with any form of Food Display Design.

We will be delighted to meet you to discuss your project and if you would like to arrange an appointment with our team in the London Showroom, please call us on **0844 3345232**, email us at **sales@goodf.co.uk** or click on this link to request an appointment.

TERMS

PREMIUM

Our best quality products that are normally a little higher in cost than our standard products

STANDARD

Our every-day, best priced offering in each section. You can expect us to keep good stocks of these items, so they are normally readily available

TREND

These items are either sold on a fashion-led theme or style, or are seasonal

INTEGRATED BUFFET SYSTEM

LA TAVOLA WONDERBUFFET®

LA TAVOLA'S WONDERBUFFET® COLLECTION IS THE MOST COMPLETE OFFERING FOR THE MODERN HOTELIER.

La Tavola's products incorporate a keen awareness of ever-changing trends and design styles, whilst making sure to always deliver above operators' expectations in terms of functionality.

Warming Function

The main challenge to heat retention is making sure food retains its flavor and texture over time.

La Tavola's warming functions resolves this challenge, with specific solutions for different dishes, service styles and power sources available.

THE HUMIDITY PROBLEM

Different dishes require different levels of humidity to maintain their taste, freshness and texture for longer.

In fact, very few dishes need neither high humidity nor total absence of humidity.

IDENTIFY IT

La Tavola's heat preservation products provide the optimal solution for every type of food.

	Type of Food	Humidity Level Required
 High Humidity	BOILED RICE, STEAMED VEGETABLES AND FISH, ETC	Warm-holding, ideal for high-humidity dishes (Bain Marie)
 Limited Humidity	STEWED MEAT, FISH, VEGETABLES WITH ANY TYPE OF SAUCE, ETC	A limited amount of humidity, obtained by the regulation of condensation levels
 No Humidity	ROASTED AND BOILED MEATS, FRIED FOOD, BAKED POTATOES, ETC	Ideal for dry food and dishes that would otherwise rapidly become soggy in a high-humidity unit

CHOOSE YOUR POWER SOURCE

Our product range is available in different power sources.

Free-standing induction burner to be used with induction-ready chafers and containers

Chafing dish or container with ferro-magnetic bottom, compatible with induction burner

Unit powered by electric plates

Units powered by solid gel burner

SIZE MATTERS

La Tavola's heat preservation products come in a variety of different gastronorm sizes.

2/3 GN
1/1 GN
1/1+1/3 GN

INTEGRATED BUFFET SYSTEM

LA TAVOLA WONDERBUFFET®

Cooling Function

Stylish cooling solutions powered by eutectic cooling plates. Ideal for fruit and salad, yoghurt, sushi, cold cuts, beverages and ice cream. Maximum versatility of use without electricity.

EUTECTIC REFRIGERATION

No ice, no electricity, no problems!

La Tavola's cold retention functions are powered by eutectic plates - high-tech ice packs which release a constant cooling capacity for up to 5 hours.

Eutectic cooling plate - when frozen, releases cold for up to 5 hours. Cold is transmitted to the adjacent surface by contact.

Chill it containers are a hygienic and safe way to maintain food at low temperature. Also suitable for displaying ice cream.

EUTECTIC COOLING PLATE

- Eutectic cooling technology - no ice & no electricity required
- Eutectic plate keeps/maintains cold for up to 5 hours
- Stainless Steel 18/10 mirror finish base
- Removable, tempered glass top, smoked finish

EUTECTIC COLD WELL

- Eutectic cooling technology - no ice & no electricity required
- Eutectic plate keeps/maintains cold for up to 5 hours
- Stainless Steel 18/10 mirror finish base
- Removable porcelain food pans in various colors and sizes are available
