PREMIUM TABLEWARE WOOD

INTRODUCTION

Welcome to our new format downloads which are aimed to provide focused and inspirational information on each main brand and functional areas such as Afternoon Tea etc.

Please visit our website regularly to explore the series of downloads as we build them.

Each download will provide inspirational food images, the range of products for each brand and functional area, along with information on whether we carry an item as **Core Stock** (which means we will usually have a good level in stock at all times). **Core Stock** items will be identified by a ● alongside each item.

If items are identified as a **Special Order** with a □ then, even for samples, we will need to place an order with the supplier. This usually applies to hand-made products or where items are available in a range of glazes.

We hope you will find our new way of providing 'catalogue' information more useful and will help provide some inspiration to enable you to make the best choice.

We are always available to provide you with in-person help, via our friendly Customer Services team or at our London Showroom.

20 Little Portland Street, London, W1W 8BS

GOODFWOOD

We have always worked on the basis that, if you cannot find what you are looking for, then why not create it. That's exactly what we have done with GoodfWood.

We know trends come and go, but the universal and enduring love for wood will ensure that its use as tableware will long continue.

Our pieces are created in collaboration with a local craftsman, and have come about because we could not find pieces that excited or appealed in a creative way.

The small collection of standard pieces we offer here provide a sneak peak into what we can offer on a more bespoke basis. Our use of sustainable sourced wood, mixed with racy techniques like Fractal Burning and acrylic inlays; serve to bring wood tableware very much up-to-date for a more modern culinary audience.

Much of what we do now is in the creation of bespoke items, created to each client's design, dimensions and finish. We will help you design your own signature pieces, without having to commit to large quantities.

We will also continue to add to our design collection, making it easier to access innovative pieces without the effort of having to create them. Let us do that for you.
