INTRODUCTION

Welcome to our new format downloads which are aimed to provide focused and inspirational information on each main brand and functional areas such as Afternoon Tea etc.

Please visit our website regularly to explore the series of downloads as we build them.

Each download will provide inspirational food images, the range of products for each brand and functional area, along with information on whether we carry an item as **Core Stock** (which means we will usually have a good level in stock at all times). **Core Stock** items will be identified by a ● alongside each item.

If items are identified as a **Special Order** with a □ then, even for samples, we will need to place an order with the supplier. This usually applies to hand-made products or where items are available in a range of glazes.

We hope you will find our new way of providing 'catalogue' information more useful and will help provide some inspiration to enable you to make the best choice.

We are always available to provide you with in-person help, via our friendly Customer Services team or at our London Showroom.

LES GUIMARDS

Brother and sister team, Christophe and Natalie Hurtault, represent the true heritage of French stoneware. From their family workshop which was founded by their parents in 1976, in the little hamlet of Saint-Armand-en-Puisaye, they carefully design and craft tableware using the grey clay extracted from their own quarry.

This is without doubt a labour of love from Christophe and Natalie, seemingly from a bygone age and yet entirely on-trend in its design and execution of glazing with just the right amount of exposed stoneware.

The timeless pieces seem to fit so many styles of cuisine that we revisit their collections every year to make sure we have not forgotten something that is so right for today's trends.

There are some brands that do not need to follow fashion because they set the fashion; and Les Guimards is certainly one of those brands.
