APARTU

Introduction

Welcome to our new format downloads which are aimed to provide focused and inspirational information on each main brand and functional areas such as Afternoon Tea etc.

Please visit our website regularly to explore the series of downloads as we build them.

Each download will provide inspirational food images, the range of products for each brand and functional area, along with information on whether we carry an item as Core Stock (which means we will usually have a good level in stock at all times). Core Stock items will be identified by a ● alongside each item.

If items are identified as a Special Order with a □ then, even for samples, we will need to place an order with the supplier. This usually applies to hand-made products or where items are available in a range of glazes.

We hope you will find our new way of providing 'catalogue' information more useful and will help provide some inspiration to enable you to make the best choice.

We are always available to provide you with in-person help, via our friendly Customer Services team or at our London Showroom.

Apartu

Born from a belief in the beauty of everyday rituals, Apartu creates tableware with intention — objects designed to be lived with, not simply looked at.

The brand finds meaning in the details often overlooked: the weight of an object in the hand, the curve of a silhouette, the texture beneath the fingertips. Each piece balances the honesty of its materials with a sense of sculptural precision, creating objects that feel as considered as they are functional.

Designed for private homes and considered hospitality spaces, Apartu's pieces are made for daily use and worthy of being left on display. They bring a quiet, tactile presence to the table — understated at first, but increasingly familiar and personal with time.

Apartu believes that beautiful objects should not be consumed quickly. They should be chosen slowly, used often, and cherished for years.

Because true beauty is not always found in perfection. Sometimes, it reveals itself through touch, through ritual, through the traces of a life well lived.

Designed in Barcelona and meticulously crafted in Artilugis' own workshop, each piece reflects the studio's relentless pursuit of quality, innovation, and distinctive design.
